

Hi Parents!

We have 6 days left together before Christmas Break! All I can think about is how our Christmas program will likely be more of a comedy show for you all with only 5 of those days left to practice!

I know many of you have had your kiddos out sick and it can be so frustrating to pay tuition but not be able to bring them. Please know we truly do everything we can to keep our room disinfected and safe. We hate to see our sweet kids sick. Please continue to keep them out when they are ill- I promise it gets better after we come back from break. April is the next month that seems to be a rough one- so hopefully we get a nice long break from the scary and yucky stuff.

Thank you to all who checked in on my kiddos. We got Camerons imaging back and everything looks good to go forward with surgery, but we won't know any details until after our December 22nd appointment. We are hoping to have the surgery in March so he can play a season of Basketball at his school. Your love and support is such a gift.

Cubbies

You will notice that your kiddos cubby now has folders with their name on it- please take only the papers inside and leave the folder. We hope it will make it easier on all of us to keep each kids paperwork together and from getting mixed up with the other shared kids stuff.

Snack

If you can all again and are able to send a Venmo payment of \$25 for snack, that should carry us through December. We have had so many comments about how healthy our snacks always are and I absolutely love seeing these kids eating turkey, chicken, avocado, peas, BEETS even!, and I plan to get more creative in the New Year with pastas and different veggie sauces. Thank you for allowing me to do this- I wish I could

be paid to feed all children healthy meals  We are plentiful in diapers and wipes and I don't foresee us needing any for the next 2-3 months.

Again my Venmo is @shaylynn-hall It has a picture of a sunflower.

Christmas program

The Programs are the 21st and 22nd. You will drop your kid off at 9:00 and head to the sanctuary. We will be down around 9:30 for our short and sweet little program and the kids will be sent back to you after we are done singing. (Please do not make yourself seen and try to stay out of sight while we sing, and then you can come grab them when we are finished- when they see you they will want to go to you) We did have a comment last year that the parent was sad they had to take their kid back because it was hard to watch their older kid do their program. Please bring whatever distractions or snacks with you so you can watch your older kiddos. I hoped to be able to bring them back to the

classroom to Mrs Bri, but she will likely be helping with sound. If a parent is interested in volunteering to watch kiddos in my room while other parents stay to watch please let me know. It would be an hour or less. I will be sitting down after to watch my son 😊

Please call or text me if you have any questions! 303-249-5947

Ms. Bri, Mrs. Trish, Ms. Sarah and I cannot thank you all enough for just being incredibly kind and gracious to us.

Love love love!
Mrs Shay
