March will kick off with Trike-A-Thon! It is so fun to watch the kids zoom around the gym collecting stickers for each lap!

For our Bible stories, we will break chains like Samson, build the temple, baptize Jesus and finish the month with The Easter story using the Resurrection Eggs.

In our science lesson we will create rainbows with everything from CD's to prisms.

If you are new to Busy Bee, your child is in for a treat on March 13 & 14 for our St. Patrick's Day celebra-

tion. We will hunt for gold coins in the playground sand, follow a string throughout the building to find the pot of gold and have green food for snack! It is a very exciting day!

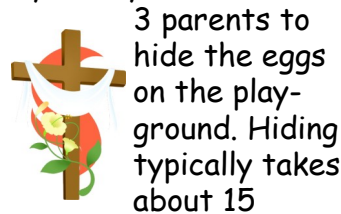

Now on to Easter!

Since Easter is the last day of Spring break, we have decided

to have our Busy Bee Easter Egg Hunt after Easter on April 1 & 2. Please bring in an empty egg carton (12

count) and a dozen filled eggs to share with the class. Eggs may be filled with candy or toys. We need 2-

3 parents to hide the eggs on the playground. Hiding typically takes about 15

minutes. See the Sign Up Genius for more details and to volunteer. No School 3/25-29. Happy St. Patrick's Day & Happy Easter!

During Snack & Lunch Time We Are

- Use our fine motor skills to open up our napkin
- Be appreciative of our friends who brought our snack
- Talk to God and thank Him for our food
- Try new foods
- Carry on a conversation with our friends at the table
- Practice good table manners
- Be patient as we wait our turn for the food
