

# Buzzing Bee

## From Mrs. Mack & Ms. Diana

Spring will be all about flowers and bugs. Our caterpillars will be arriving in just a few short weeks! It will be so exciting to watch the caterpillars change

into butterflies! Another insect we will be learning about is the ladybug. Needless

to say, creepy crawly bugs will be everywhere at Busy Bee!

Our Bible stories will include the Easter story and acting out the of Jesus' resurrection. We will draw spots on Na-man who had leprosy

and learn how God healed him. Next our

class will have a "rock" that will squirt water! We will learn about the consequences of anger when Moses disobeyed God by hitting the rock. The month will conclude with the story of Jonah and the whale complete with a "whale" large enough to crawl inside!

This week we will have Easter Egg hunts. Calvary Bethany also hosts an Easter Egg Celebration & Hunt on Saturday.

One of my most favorite Busy Bee events is the Art Gala.

This is a wonderful celebration where we lay out the red carpet for families to come and enjoy your children's art. The halls are transformed into an art museum, live music is playing, and snacks are provided. Bring grandparents and other extended family to enjoy this fun event.

We would love for you to be our guests!
